MESSAGE OF THE CHAIRMAN

Dear friends,

I am pleased to announce that the year gone by has been one most the most exciting year for the organization, in terms of grants, funds and revenue as also our foray into new areas in training and placements. Today India is considered as a major hub in the world to do business and sectors like IT, Manufacturing and Retail have witnessed a tremendous growth in the recent years.

We are working in this very area and train unemployed youth of Gujarat since last 10 + years. We have become the market leaders in the field of skills training and utilization of CSR grants to empower the rural youth of Gujarat. This year we were most successful in implementing the flagship project PMKVY (Pradhanmantri Kaushal Vikas Yojna) of our Prime Minister Shri Narendra Modi in Gujarat. We have created a unique position in IT Education & Training, Skills Training and CSR Projects in North Gujarat.

Providing employment/ self employment to women and youth of backward or neglected classes have always been our key focus area and we are always working towards this aim through various initiatives including government sponsored projects, our own self devised projects and through the CSR (corporate social responsibility) initiatives with the help of leading corporates in rural areas.

This year our major achievement was in finding new ways of reaching the target audience. Apart from print media for advertising and publicity, our major thrust area of advertising and marketing was social media. And I am glad to say that we have been highly successful in using social media to our maximum advantage.

I would like to share that fact that from turnover of Rs. 3.45 lacs in year 2014-15 we have crossed the figure of Rs. 50 lacs this year. And this achievement would not have been possible without the dedication and smart work of our employees as also support of our clients, participants and most importantly our 85 business partners.

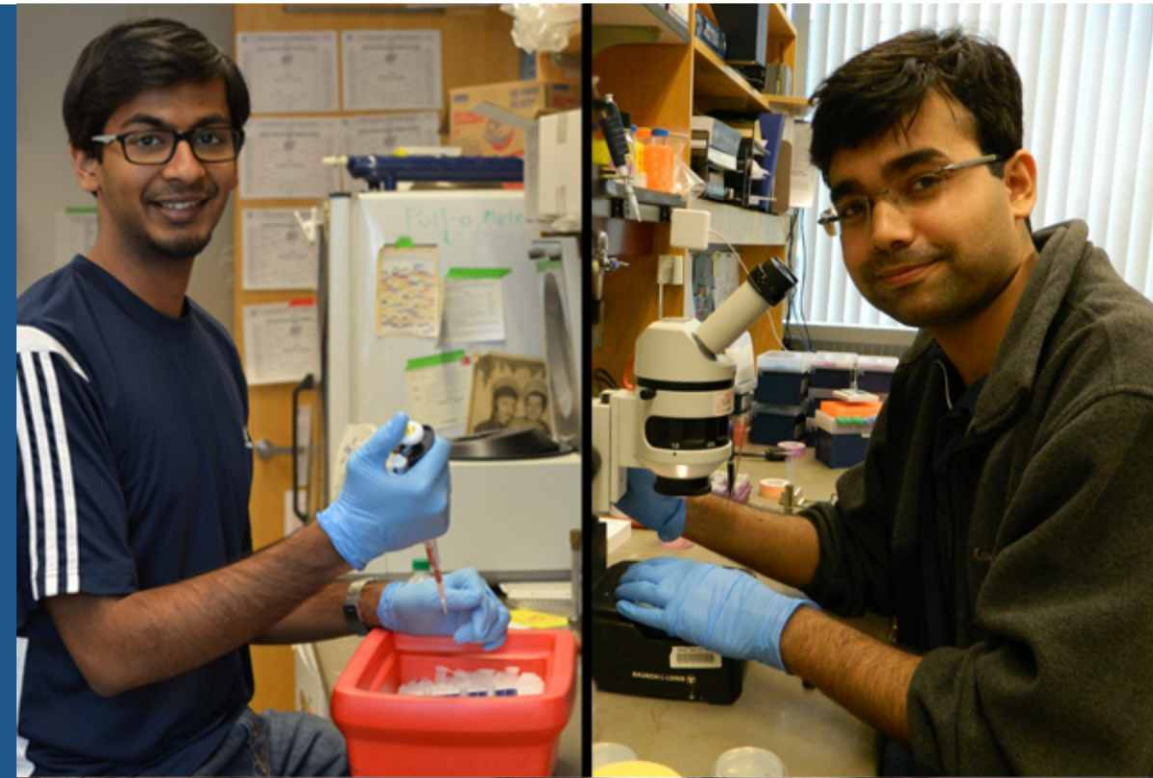

I am confident that we will cross the figure of Rs. 1 crore in turnover in the year 2018-19. Once again I thank you all for the trust and support that you have given to Rebirth Education.

Warm Regards

Amrutlal P Patel

Chairman

VISION

VISION

Knowledge empowerment through education and training of rural youth in Information Technology, Soft skills & Vocational Training for meaningful employment.

MISSION

Creation of knowledge society in rural pockets of our county with the help of strategic partners, employees, donors and Government support. Empowering rural youth of the country and provide them with meaningful employment.

GENESIS

Rebirth Education and Research Foundation, NGO, with its Corporate Office at Visnagar (North Gujarat) was started with the sole motive to contribute towards late President of India, Dr. APJ Abdul Kalam's dream of making every Indian youth, especially rural youth, knowledge empowered through INDIA - VISION 2020. We are engaged in creating a vast pool of skilled professionals in the fields of IT, Healthcare, Apparel, Beauty & Wellness, Manufacturing and Retail sectors, through skill development and skill updation. These sectors have huge demand but very less supply of skilled manpower. Our motive is to provide these youth with meaningful placement nearby their home town.

The organization having ISO 9001-2015 certification is active in 85+ locations of Gujarat through its affiliates. We provide skill development training and employment/ self employment to socially, educationally and economically backward youth of the State. These trained youth are trained and certified by us with the help of various State and Central Ministries.

We are the market leaders in the skills training (IT, Soft Skills & Vocational Training) space in Gujarat and based on our past performance in skill development space we have been empaneled with various Central and States Ministries for skill development projects.

Since inception in the year 2009 we have trained more than 25000 students and have certified more than 21000 students. Apart from the education and training sector we are also engaged in other activities like women empowerment through training for establishing small scale units, providing free and subsidized medicine to poor and needy and providing legal help to females facing harassment. We are also utilizing CSR (corporate social responsibility) fund of large corporates for the benefit of the socially and economically backward people and fulfill the main aim of development of the society at large.

All our educational activities at various locations are managed through inhouse developed online portal for centre management. This portal manages all educational, training and placement activities of our organization including our 85+ business partners.

We have our own placement division that provides all placements related services under the aegis of www.rojgarseva.org. The major focus of this portal is to provide qualitative employment to the youth of Gujarat near to their home town. Our website provides training and placement guidance to undergraduates and other skilled unemployed youth, gives them required training in their work domain and places them in corporate sector according to their skills

- We are associated with Ministry of Skill Development & Entrepreneurship, Government of India as Vocational Training Provider.
- We are accredited Training Provider of NSDC for PMKVY (Pradhanmantri Kaushalya Vikas Yojna) project (It covers 220+ job roles in more than 40 sectors). We are successfully implementing the project with the help of 5 PMKVY accredited Training Centres.
- We are empanelled Training Partner for Gujarat Urban Literacy Mission (GULM) with the Ministry of Urban Development, Government of Gujarat.

CSR *Activity*

Wireman Training

Under HDFC CSR we have provided training to 150 youth of 5 villages of Anand district who were class 10th pass and unemployed. After the successful completion of the training through HDFC Bank CSR around 70% of the youth got employment whereas 20% of them have become self employed and are financially independent.

Digital Literacy Program

As knowledge partner for HDFC Bank CSR for its CSR projects in Gujarat we have implemented two CSR projects in Digital Literacy and Skills Training. The CSR project under Digital Literacy is for the 9 villages in three talukas, of Gujarat, namely, Gandhinagar, Mansa and Dehgam where we have trained 9000+ participants and made them digitally literate. Now these participants are comfortable in using internet for various government schemes and even are comfortable in internet banking.

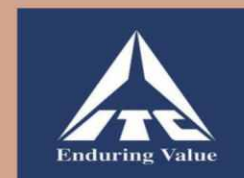

Hand Rolled Agarbatti Making

For HDFC CSR we have trained

For HDFC CSR we have trained and provided self employment to 300 females of 6 villages of Borsad taluka in Anand district for the job role of hand rolled Agarbatti making. 300 females of these villages are now financially independent and are successfully contributing in their household income.

Sunehara Kal Project

Under the CSR funding from ITC (Indian Tobacco Company) we have given skill training to 60 unemployed youth of Ahmedabad and Gandhinagar districts for the job role of distribution sales promotion and have provided them meaningful employment near their home place in malls and big shopping complexes.

GOVT. PROJECTS

Rebirth Education & Research Foundation became the first organisation in the Mehsana district to become the accredited and affiliated with National Skill Development Corporation (NSDC) as a Training Partner for Pradhan Mantri Kaushal Vikas Yojna, Project sponsored by Ministry of Skill Development & Entrepreneurship, Government of India. Visnagar Centre has been affiliated with Electronics Sector Skill Council for the job role of Field Technician-Computing & Peripherals for PMKVY and Banking, Financial Services and insurance SSC for the job role of GST-AA. During the year we have trained 300 students with 80% placement.

Jay Somnath Pragati Mandal Trust, Kalol, managed by Rebirth Education and Research Foundation has been affiliated with Apparel & Handloom Sector Skill Council for the job role of Sewing Machine Operator and we have trained 60 participants with 85% placement.

Krishna Institute, Idar managed by Rebirth Education and Research Foundation is affiliated with Healthcare Sector Skill Council for the job role of Emergency Medical Technician and have trained 60 participants with 80% placement.

OUR SOCIAL ACTIVITY

Drawing Competition and General Knowledge Competition

To create awareness about Government of India's programs like Swachh Bharat Mission, Make in India and Digital India, Rebirth Education and Research Foundation organized awareness programs through Scholarship exams, Drawing Competitions and General Knowledge Competitions among other activities on district level in schools with focus on rural areas.

Chocolate Making in Villages

We had organised workshops in Visnagar Taluka on "Chocolate Making, Khakra Making, Agarbatti Making" to make the rural women self employed and where more than 600 women took part in these workshops and our work was highly appreciated by even the Chief Minister and Dy. Chief Minister of the Government of Gujarat.

Environment Protection:

Every year organize environment awareness campaigns with the help of school students before monsoon and also take help of school students for planting trees during rainy season. Every year we plant 2000-2500 plants with help of students and volunteers and do our bit to save the environment.

Career Counseling Seminar

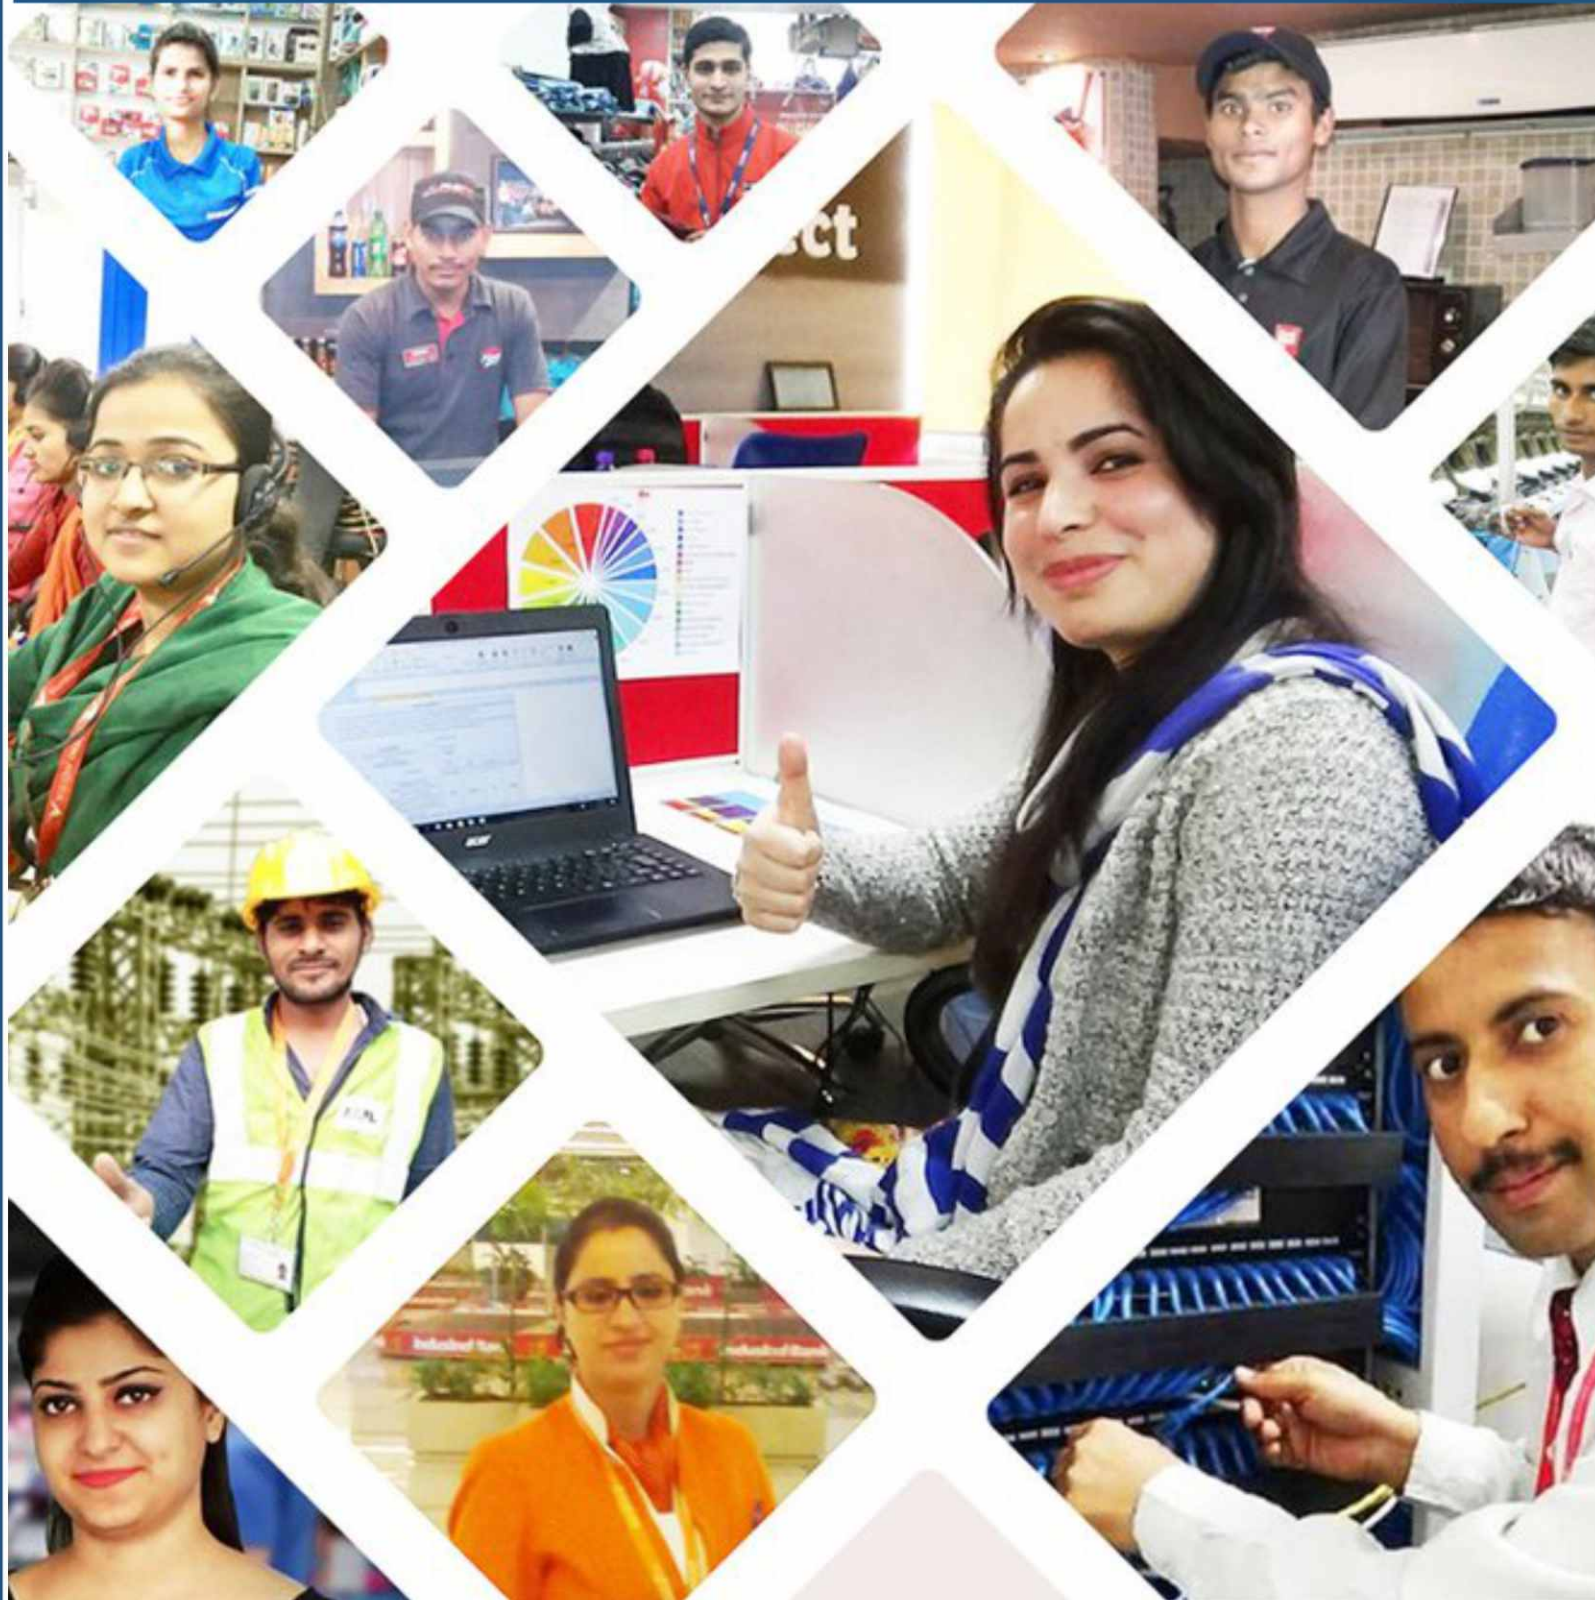

We conduct career counseling seminars every year after board exams where we rope in experts in various fields to counsel the students about alternative excellent career avenues available to them.

CREATING SUSTAINABLE CHANGE

We focus on providing employment/ self employment to unemployed youth in rural and tribal areas as it will lead to removal of disparity among the population and will provide them with alternative means of employment by honing their skills through vocational training. Self Help Groups (SHGs) are formed to make them financially independent and their produce is showcased in the markets where there is a demand for their product. This in turn leads to beneficiaries becoming aware about the market trends and independence in decision making through SHGs and motivates them to excel in their area of expertise

SUCCESS STORIES

Placement is one of the key outcomes of the skill development training and following are the most successful placements done by our Placements division during the last year under the PMKVY 2.0 projects being run by us. During this year we had a total of 400+ placements under this scheme and our placement ratio is more than 80% in the skills training space.

MESSAGE

“IT + IT=IT; Indian talent + information technology = India Tomorrow”

– Narendra Modi

As we all know, Gujarat is very promising state for the new entrepreneurs and for the large scale business, too. The government is continuously working in the direction of being ‘investment friendly state.’ Single window system, financial assistance, infrastructural facilities, new policies-these all are the media to boost the development process. **Vibrant Gujarat** is one such globally known initiative by Government of Gujarat. Various Summits and Expos are the inseparable part of such progressive platform. Experts, beneficiaries, organizers, business leaders all come together at a place to help each other.

I am glad to learn that the **Rebirth Education & Research Foundation, Visnagar** is providing IT education and training along with soft skills training to unemployed youth of Gujarat. I congratulate foundation team, for organizing event for the Hon’ble Prime Minister vision of Digital India to transform India into digitally empowered society and knowledge economy. Wishing for a grand success.

SMT. ANANDIBEN PATEL
Chief Minister, Gujarat

Dt. 10/03/2016

MESSAGE

Technology has the power of changing the lives of the people by creating physical wellbeing. Countries has undergone transformational changes, all in one generation and have grown from relatively weak to emerging economics.

The Digital India programme is a flagship of the Government of India's initiatives with a vision to transform India into a digitally empowered society and knowledge prosperity. The vision of Digital India has three key areas. Digital Infrastructure as a Core Utility to every citizen, governance and services on demand and digital empowerment of citizens. Some of the important approach and methodology for Digital India programme are for ministries, departments. States would fully leverage the common and support ICT infrastructure established by Govt. of India. States would be given flexibility for inclusion in specific projects of other states which are relevant for their socio-economic needs, Also Public Private Partnership would be preferred wherever feasible to implement e-Governance projects with management and strategic control.

Rebirth Education and Research Foundation (RERF) Visnagar is providing IT education and training along with soft skills training to unemployed youth of Gujarat with its main aim is to spread awareness of **Dr. Kalam's India Vision 2020** with projects **Digital India** and **Make in India**, is appreciable.

I extend my best wishes for this initiative a great success and congratulate the institute for this noble, socio-academic cause.

With best compliments.

Message

We all know that Gujarat is one of the fastest developing State in terms of improving skills of the youth through various schemes and implementation of various Central as well as State level projects for the welfare of the society with focus on rural areas and economically and socially backward class.

I am glad to know that your organization is engaged in training students of rural areas of North Gujarat with primary focus on skills sets in IT, soft skills, vocational training and healthcare related training. This would in turn provide placement opportunities and this would in turn lead to meaningful employment of unemployed youth nearby their home town reducing shift towards urban areas.

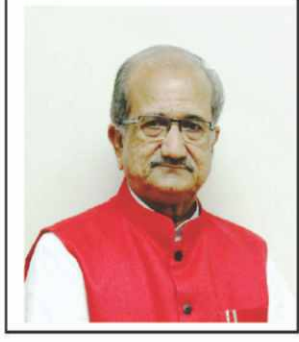

My best wishes are always there with your organization and your team, who are putting their best efforts to contribute towards making Gujarat a true knowledge power not only in metros and cities but also in remote rural areas of Gujarat.
